If you are unable to enter the starting year for an ongoing project application, please try the two methods described on the next page.

Entering the Starting Fiscal year of your ongoing project field is required if you have checked the [Continuing project] checkbox. If this field is not filled in, you will not be able to submit an application.

Method 1: Lower the browser's (web page) display magnification

Lower your browser's display zoom factor. When the input field for the starting fiscal year expands and the message "----未選択----" appears, select the appropriate fiscal year from the drop-down menu.
