Information on Conference Venues

National Institute for Basic Biology

Toba Hotel International

Number of Participants

Approximately 40-50 internationally known scientists and promising young scientists from Japanese institutions and overseas.

Registration

Each participant is requested to register and submit an abstract of oral or poster presentation through our web page. We will notify each participant when the registration page is ready.

Funding

Invited participants will be reimbursed for expenses related to transportation as follows. For overseas participants, air round trip fee of economy class seat and transportation fee within Japan to and from the venue. For Japanese participants, transportation fee to and from the venue. In both cases, transportation fee within Japan is calculated according to the standard method of transportation settled by Japanese government.

Accommodation and Meals

The conference office arranges hotel reservations. All meals during the conference period will be provided.
