2. Insurance:

NIBB will provide an insurance for AREP participants for the program's duration. However, students enrolled at universities in Japan are excluded from this coverage. We strongly recommend that you purchase international travel insurance as the provided coverage may be insufficient.

The insurance plan covers:

Medical expenses up to 1 million yen will, in principle, be paid by the insurance company for treatment of injuries or illnesses incurred during the program. Please note that certain situations are not covered, such as damage or injury caused by the participant's own negligence.

3. Requirements:

During the program, you are expected to follow the instructions provided by your mentor at the host laboratory.

4. Support for International Airfare and Accommodation Costs:

NIBB will cover the round-trip international airfare, transportation costs within Japan, and accommodation expenses at the designated lodging. Please note that NIBB does not provide a daily allowance, so you will need to prepare for your daily expenses.

5. Visa:

If your nationality does not have a visa exemption agreement with Japan, you will need a visa to enter the country. NIBB will provide the necessary documents for you to apply for a short-term stay visa.

6. Possibility of Cancellation:

The program is subject to change depending on the global pandemic or other unforeseen circumstances. Participants will be directly notified of any changes.
